Extremely rare, ground floor, incredibly spacious corner residence including a separate media/family room and laundry room. Featuring gorgeous beach views just beyond your own private pool, manicured grounds and landscaping, and views out to the Caribbean Sea. Your gaze from the elevated private patio just naturally flows to the beach and Sea, between two beachfront buildings, broadly set apart. The more than considerable interior can comfortably accommodate a large family or group. The master bedroom and living room both access the beachview patio for indoor/outdoor living. This lifestyle seamlessly blends with the other three bedrooms, which access onto a private, covered patio and garden area. The absolute highest level of interior finishes further enhance this residence. Within this masterpiece of architecture is a long list of services, facilities, and amenities for your convenience and enjoyment, as well as a solid rental income opportunity; concierge services, state-of-the-art fitness center, yoga and pilates classes, 24/7 security, infinity edge pools and hot tub, beach and pool attendant, food and beverage services, room charge privileges, bellhop and valet, club level lounge, event catering, sports equipment for Sea and land. This is a tremendous value, as prices will increase as construction progresses, for one of the only ground floor residences!
