This property offers exceptional development potential, perfectly suited for a large-scale residential project. With a natural lake/pond on site, you have the added benefit of easily sourcing fill for the entire property. The un-improved easement off the East/West Bypass provides direct road access, enhancing the convenience of future development. Zoned for low-density residential use, the property is ideal for creating approximately 120 house lots, each with significant retail value. Alternatively, it could be developed into a middle-income housing community, offering tremendous investment potential in a growing area.
